KITCHENS

SECTOR PORTFOLIO:

## **Healthcare**

Hospitals, Care Homes, Nursing Homes,  
Dental & Veterinary Practices.

## **This portfolio focuses on the use of kitchens within the healthcare environment.**

Our strong and durable metal cabinets were first installed in a healthcare location (a hospital in the West Midlands) back in November 1998, some 25 years ago. Over the subsequent quarter of a century we have continued to provide kitchen cabinets into ward pantry's, drug prep rooms, plaster rooms, clean and dirty utility rooms, regen kitchens and numerous other rooms within the hospital environment as well as having the pleasure to work on other facilities within the healthcare industry such as care Homes, Nursing Homes, Dental & Veterinary practices (a special mention of our amazing dog stairs on page 16!).

Steelplan Kitchens are favoured in these locations not only for their long life cycle but also their ability to cope with the vigorous amount of cleaning required in care facilities to combat the spread of infections such as MRSA.

To celebrate our silver jubilee within the healthcare industry we have put together this sector portfolio to showcase just some of the work we have done during that time and look forward with pride to the next 25 years...

Anti-ligature handle option

Care Home, Kent

MAKE SURE  
FOODS NOT  
DOWN THE DRAIN  
CAUSING THE  
DISPOSAL TO  
TRIP OUT  
IT DOES NOT MAKE  
TAPS UNTIL THE  
WATER FLOWS  
THANK YOU
