## Brochure

Strong & durable metal kitchens for  
semi-commercial environments

# This brochure showcases some of the wonderful kitchens we have provided over the last 25 years.

For over a quarter of a century we have been proudly providing our strong and durable metal kitchens to a wide variety of semi-commercial environments, however the majority of our work is focused on the following sectors:

- Places of Worship**
- Community Centres & Village Halls**
- Care Homes**
- Police, Fire & Ambulance Stations**
- Schools** (including Food Technology Rooms)
- Hospitals**
- Offices**
- Hostels**
- Student Accommodation**

We very much look forward to providing many more kitchens during the next 25 years.....

"We are delighted with the kitchen - it looks good and is so easy to clean, making it look like new every day! The cupboards and doors are well made and the units are strong and sturdy but look smashing - so many thanks for the semi-commercial kitchen we now have. In fact, we were so pleased that we recommended you to our sister church."

REVEREND NICHOLA JONES, STOCKLAND GREEN METHODIST CHURCH

"We're delighted with the result, the room certainly has the 'wow' factor..."

BURSAR, CALDAY GRANGE GRAMMAR

“New College took a view some time ago that given kitchen units in student areas were likely to be heavily used, the selection of units that are robust would be a logical and sensible step forward. After some debate it was agreed that Steelplan Kitchens units would be ideal. Maintenance on these units has been very low.”
