KITCHENS

Long lasting kitchens for
semi-commercial environments
with our ranges:

steelplan

woodplan

Our durability comes in two kitchen ranges, both of which have a robust carcass at their core:

steelplan

Manufactured from 18 gauge (1.2mm) zinc coated steel, our **CHIEFTAIN** metal carcass is the backbone to our ultimate strong & durable **METAL** kitchen range. However this durability still comes with great aesthetics and is available in 18 stunning door colours. Coated in polyester powder stoved at 120°C, the cabinets are impervious to water, fire resistant and do not contain any material that can sustain, harbour or encourage insects or bacteria.

woodplan

Our wooden kitchen range features the robust **TITAN** carcass, assembled via a screwless tongue and groove system that has been tested and certified to FIRA Gold Level H for heavy use. This joint connection is stronger than a traditional assembly system as it interlocks along its entire length.

Available in a wide choice of door styles and colours.

This brochure showcases some of the wonderful kitchens we have provided over the last 25 years.

For over a quarter of a century we have been proudly providing our long lasting kitchens to a wide variety of semi-commercial environments, however the majority of our work is focused on the following sectors:

Places of Worship
Community Centres & Village Halls
Care Homes
Police, Fire & Ambulance Stations
Schools (including Food Technology Rooms)
Hospitals
Offices
Hostels
Student Accommodation

We very much look forward to providing many more kitchens during the next 25 years.....

steelplan

"We are delighted with the kitchen - it looks good and is so easy to clean, making it look like new every day! The cupboards and doors are well made and the units are strong and sturdy but look smashing - so many thanks for the semi-commercial kitchen we now have. In fact, we were so pleased that we recommended you to our sister church."

REVEREND NICHOLA JONES, Stockland Green Methodist Church

steelplan

“We’re delighted with the result, the room certainly has the ‘wow’ factor...”

steelplan

Dorset Police have worked with Steelplan Kitchens on many occasions - some of our kitchens are in 24 - 7 sites, Steelplan Kitchens offer a durable option for use in police stations and our office spaces, the stainless steel worktop and powder coated units look great and are easily cleaned. The personal attention is invaluable. From expert kitchen surveyors, offering advice on the kitchen design, through to finished product, Steel-plan are always willing to help and accommodate changes, such as delivery dates or alterations post initial design.

JO MORAN, BUILDING SURVEYOR
Dorset Police

“New College took a view some time ago that given kitchen units in student areas were likely to be heavily used, the selection of units that are robust would be a logical and sensible step forward. After some debate it was agreed that Steelplan Kitchens units would be ideal. Maintenance on these units has been very low.”
